PUBLISHER: Self published

ENGINE: Unreal Engine 5+

ABOUT

A short 3D old-school linear, platforming adventure where players roll and jump through a colorful world, meet ghost plums who reveal its story, and collect plum essences along the way. An adventure a little like the stories we tell children at bedtime.

The game is designed to be easy to play and enjoyed at the player's own pace. no matter if casual or speedrunner.

FEATURES

- Mouse and Keyboard movements
(WASD/ZQSD + space jump / B boost / mouse for camera view)
- 20 optional ghost-plums to meet (5 for the demo)*
- 200 optional plum essences to collect (50 for the demo)*
- Steam Achievments
- A hand-written story (english and french)*
- An original soundtrack composed by the developer
- An in-game Timer, toggled in settings for speedrunners

**Optional content. Players can complete the game without completing these objectives, but doing so means missing most of the story and prevents 100% completion.*
